

Healthcare Quality Workshop 2026

17 June – 19 June 2026 • AAU Innovate, Thomas Manns Vej 25, 9220 Aalborg Øst

Please share with your colleagues and contacts

Are you involved in health services research and healthcare quality improvement?

- Then use this opportunity to update and expand your knowledge and interact with international colleagues while enjoying cultural experiences in Aalborg and the beautiful surroundings in Northern Jutland.

On behalf of the Danish Center for Health Services Research, Aalborg University and the Danish Healthcare Quality Institute, we are delighted to announce that the Healthcare Quality Workshop 2026 will take place in 17-19 June 2026.

The organizers and faculty are senior experts on their topics with extensive experience. They will, in interaction with the participants, provide a comprehensive and practically oriented take and new perspectives on central themes in analysis of healthcare quality and improvement of health services.

The workshop will be a combination of lectures and interactive workshops. You are expected to play an active part and contribute to the workshop. In the workshop we are all both teachers and students.

Organizers and faculty: Søren Paaske Johnsen (DK), Kathrine Hald (DK), Henrik Møller (DK), Anders Møller Schlüsen (DK), Jens Winther Jensen (DK), Eva Stensland (NOR), Ole Tjomsland (NOR), Christian Thoresen (NOR) and Min Hae Park (UK).

The registration fee is 250 euro. Express your interest in participation as soon as possible and no later than **1 April 2026** via email charlotteht@dcm.aau.dk

The maximum capacity is 30 participants
