Indledning (10 min)

Tak fordi du vil stille op til interview.

Er det okay at vi optager interviewet, så vi kan lytte i stedet for at skrive noter?

I Behandlingsrådet er vi i gang med at udarbejde en analyse om præcisionen af POCT udstyr som anvendes til borgere i eget hjem, hvor der er mistanke om infektion eller dehydrering. (Na, K, kreatinin, CRP, leukocytter).

I rapporten undersøger vi også potentialer ved at anvende POCT udstyr i denne sammenhæng – blandt andet med tanke på at undgå unødvendige indlæggelser.

Vi er helt overordnet nysgerrige på at vide, hvordan I arbejder med POCT i borgernes eget hjem på din arbejdsplads.

Vi kommer til at stille dig nogle spørgsmål, og der er ingen rigtige eller forkerte svar.

Du har allerede underskrevet en **samtykkeerklæring**, så du ved, at du altid kan trække dit samtykke tilbage. Vi sammenholder de informationer vi får via interviewene med den litteratur vi har identificeret – for at blive klogere på en dansk kontekst.

Du vil fremgå helt **anonymt** i rapporten. Rapporten har til formål at danne grundlag for en anbefaling i Rådet. Rapporten vil ligeledes blive publiceret på Behandlingsrådets hjemmeside – eller rettere Sundhedsvæsenets Kvalitetsinstitut sommeren 2025.

Vi har en time til interviewet, og jeg vil gøre mit bedste for at vi når igennem alle de mange spørgsmål som vi har forberedt – eller i hvert fald de vigtigste.

Har du spørgsmål inden vi går i gang?

	Spørgsmål
Intro spørgsmål 10 min	Anvender du POCT-udstyr i borgernes eget hjem? Er det venøse eller kapillære prøver? Hvilke/hvor mange apparater har I? Til hvilke tilstande? (infektion, dehydrering?) Hvor meget erfaring har du med POCT af denne type? Hvilke faggrupper anvender POCT hvor du er? Hvem konfererer du med, når du er ude ved borgeren?
Kvalitets- sikring 10 min	Kan du forklare hvordan du anvender POCT-udstyret? - Hvad kræver det? Kompetenceniveau? - Hvor lang tid tager det? Er det tidskrævende? - Hvad har betydning for kvaliteten af testene? Hvordan foregår oplæring af POCT-udstyret? Én gang/årligt/andet? Har I en manual/vejledninger? Har I superbrugere/en support? Hvordan kvalitetssikrer I udstyret? Hvordan vedligeholder I udstyret? Har I samarbejdsaftaler med biokemisk afdeling? Hvor ofte bruger du kontrolkassetten? Hvordan understøttes POCT it-mæssigt? Hvor meget tid bruger du på kvalitetssikring af udstyret?
Erfaringer 20	I hvilke situationer anvender du POCT-udstyret? - Til hvilke patienter? - Med hvilket formål? Og hvem beder dig om at udføre dem? - Rammer I de rigtige patienter? - Hvordan beslutter du, om du ønsker at anvende POCT? - Særlige tidspunkter? (aften/weekend?) Oplever du nogle barrierer for at anvende POCT-udstyret? Tid/kompetenceniveau/udfordringer? Hvad faciliterer anvendelsen af POCT? Hvilke grænseværdier har du til at holde testsvarene op imod? - Hvornår lader du borgeren blive hjemme? Hvordan forholder du dig til anormale testsvar eller borderline testsvar? Stoler du på POCT-udstyret/testresultaterne? - Er du bekymret for falsk negative testsvar? Hvordan inddrager du POCT i din kliniske vurdering af patienten? - Kan testsvaret være afgørende for, om borgeren skal indlægges? - Kan testsvaret sende dig i en helt anden retning end din kliniske vurdering? Har du en fornemmelse af, om POCT er med til at reducere antallet af indlæggelser? - Hvis ja hvor meget og hvilken type borgere. - Hvad sættes der i gang når en borger ikke indlægges, men er behandlingskrævende i mindre omfang, fx dehydrering? Hvordan har lægerne det med at tage imod testsvar fra andre klinikere? Hvad tænker du om at have POCT tilgængeligt til brug i borgernes hjem? - Bliver der testet for lidt eller for meget?

Afslutning (10 min)

Så vil jeg runde interviewet af med at takke endnu engang fordi du ville dele ud af al din viden om POCT. Det er en rigtig stor hjælp.

Vi er blevet meget klogere på hvornår I anvender POCT udstyr, og hvilke fordele og ulemper du oplever ved brugen...

Hvis vi kommer i tanke om noget vi har glemt at spørge om, eller noget vi ville ønske vi havde fået uddybet, må vi så kontakte dig igen på tlf. eller mail?

Kunne du tænke dig at få tilsendt et link til rapporten når den bliver publiceret på vores hjemmeside til sommer? Det bliver formentlig først i løbet af august 2025.

Tak for din hjælp – og rigtig god dag!
